1.0 INTRODUCTION

1.1 PURPOSE

The purpose of this procedure is to provide instructions for completing the Access Request Form and for assignment of permissions or privileges in the Waste Data System (WDS).

1.2 SCOPE

The procedure applies to activities performed by users of the WDS and Central Characterization Program (CCP) Data Administrators. Establishment of WIPPNet user accounts and access to other Waste Isolation Pilot Plant (WIPP) data management systems are outside the scope of this procedure.

1.3 RECORDS

Performance of this procedure generates the following record. Any records generated are handled in accordance with departmental Records Inventory and Disposition Schedules (RIDS).

- EA08NT1003-1-0, *WDS Access Request Form*

5.0 PERFORMANCE

5.1 COMPLETION OF WDS ACCESS REQUEST FORM

5.1.1 Candidate user complete EA08NT1003-1-0, *WDS Access Request Form* as follows:

- Insert full name, signature and date on designated line.
- Insert name of company that employs candidate user on line designated for Company/Primary Location. Primary Location is the DOE Site or other government agency where candidate user is employed.
- Insert office phone number, cell phone number, email address, and mailing address on designated lines.
- Insert Sponsor name and title on designated lines.
- Mark United States Citizen box “Yes” or “No”. If the answer is “No” the requesting manager shall contact WIPP Security to start the Foreign National WIPP Security access process.

Site Data refers to sites the candidate user will have access to in WDS. Normally, users require global Site access, which provides access to data from all sites.

Report Builder is modeled from an application called Crystal Reports and can be difficult for new users. Report Builder access should not be added to the Statement of Need unless the user indicates they need Report Builder and have previous experience with Crystal Reports.

5.1.2 Insert Statement of Need in designated box, ensure the following is identified:

- Site Data required
- Stored procedures if required.
- Access to ad-hoc query if required.

5.1.3 Select one or more roles from Access Requested section.

5.1.4 Ensure user signs and dates designated line.

5.1.5 DOE and EPA candidate users are required to be sponsored by a representative of DOE/Carlsbad Field Office of the National TRU Program.

5.1.6 Ensure sponsor signs and dates EA08NT1003-1-0, *WDS Access Request Form*.

5.1.7 After EA08NT1003-1-0 is complete, scan form to pdf format and email or mail hard copy to WDS Data Administrator (DA) for review.

5.2 CREATING A USER ACCOUNT

5.2.1 Data Administrator (DA), create a new user account in accordance with (IAW) WP 08-NT1002, *WDS Administrative Reference Tables*, Section 14.0, *User Account Administrative Table*.

5.2.2 Notify user via email that account has been created and access for WDS has been granted. Include username, password and link to WDS application they will use.

- Save completed form to pdf format (*.pdf), insert into WDS Access Request Forms folder and file hard copy in Records Storage Cabinet in accordance with RIDS.

5.3 UPDATES TO APPROVED WDS ACCESS REQUEST FORMS

Instructions in this section apply to WDS users who already have an account in WDS. A new EA08NT1003-1-0, *WDS Access Request Form* may be submitted to request changes to a user's access or the original request form may be made available for update.

5.3.1 Data Administrator, upon receiving email from user requesting a change to WDS user account, retrieve existing approved EA08NT1003-1-0 from Record Storage Cabinet and review information.

- If information on approved form is deemed adequate to institute the requested update, attach email to form and update user privileges in their WDS account in accordance with (IAW) WP 08-NT1002, *WDS Administrative Reference Tables*, Section 14.0.
- If approved form has been dispositioned under RIDS and no longer exists in WDS files or if information on approved form is not adequate to institute requested update, request user complete and submit a new EA08NT1003-1-0.
- If request to update account is to add a dashboard where data cannot be changed, update account and attach request to existing approved EA08NT1003-1-0, *WDS Access Request Form* or make notation on the EA08NT1003-1-0 that functionality has been added to user's account.
 - Initial and date notation.
- Dashboards where it is not possible for the user to change data include the following:
 - General WIPP User
 - EPA
 - NMED
 - Packaging
 - Safety
 - Emergency Response
- If request to update account is to expand site access privileges, add Site ID to account in WDS and attach email to existing approved EA08NT1003-1-0 or make notation on EA08NT1003-1-0 that Site ID has been added to user's account.
 - Initial and date notation.

- 5.3.2 Addition of a script or multiple scripts to a user account often requires discussion between DA and user. Scripts may be provided to the authorized user for the purpose of letting the user run the script to ascertain whether script output meets user's needs. No additional sponsor, management approval or documentation is required.
- If a script or multiple scripts is requested, collaborate with user to ensure script(s) meets the user's needs, then add script(s) to user's account.
- 5.3.3 DA, after actions to update user account have been completed, return approved EA08NT1003-1-0 to Records Storage Cabinet and file alphabetically in accordance with RIDS.
