a. The purpose of this action is to revise the labor categories and fixed labor rates in Enclosure 2 to include three commercial labor rates that have been submitted to GSA for review and are critical to the completion of Subtask 4, Environmental and Regulatory Program. If GSA approves lower GSA undiscounted labor rates, the Contractor shall reimburse the Government based upon discounting the approved GSA rates by the negotiated discounts using the same discounted rates as cited below. Any adjustment shall also use the 3.5% annual escalation rate, if applicable, as negotiated in Modification M002 of the basic task order. The Contractor shall notify the Government in writing immediately of the approved undiscounted GSA rates for the following job categories:

<u>Position</u>	<u>Undiscounted</u> <u>Year 2 Labor Rate</u>	<u>Discounted</u> <u>Year 2 Labor Rate</u>	
Senior Engineer/Analyst IX	Exemption 4	Exemption 4	Exempt 4 discount

4.5 Work Area 4: Performance Demonstration Program

The Performance Demonstration Program (PDP) is a unique and independent evaluation of specific capabilities of various DOE sites to perform headspace gas sampling and hazardous waste sampling activities and the capability of site non-destructive assay (NDA) systems to detect radionuclides. Site NDA systems, headspace gas systems, or laboratories doing hazardous waste analysis must participate in the PDP in order to certify the applicable waste data for waste being disposed of at WIPP.

The contractor shall manage the PDP for DOE. Activities will consist primarily of scheduling the PDP cycles, managing the sample preparation and shipment of samples, and scoring the data once the samples have been analyzed. The PDP is a quality-affecting activity and the contractor shall maintain a QA program that complies with the requirements of the CBFO QAPD. Specific activities to be performed by the contractor are described in Sections 4.4.1 through 4.4.4.

4.4.1 Non Destructive Assay

The contractor shall:

- Schedule and implement at least one drum NDA PDP and one box NDA primary cycle per year;
- Score and publish the NDA cycle scoring reports and distribute;
- Provide technical assistance to evaluate and closeout corrective actions whenever an NDA system fails a PDP;
- Develop and score NDA PDP supplemental cycles as requested by DOE;
- Maintain the NDA equipment to include drums, boxes and sources;
- Provide shipping support for NDA sources and equipment as required;
- Maintain accountability of all NDA PDP equipment;
- Provide training and/or training materials to personnel to support the PDP;
- Provide annual reviews and update PDP documentation as required; and

- Collect and submit QA records.

4.4.2 RCRA

The contractor shall:

- Plan and implement one primary RCRA PDP cycle per year;
- Procure and distribute samples to participants;
- Score the PDP and publish the scoring reports;
- Collect and submit QA records;
- Develop and score RCRA PDP supplemental cycles as requested by DOE;
- Review and update RCRA PDP documentation as required; and
- Provide technical assistance to evaluate and closeout corrective actions whenever a system fails a PDP.

4.4.3 Headspace Gas PDP

The contractor shall:

- Develop and implement at least one primary headspace gas PDP per year;
- Procure, and perform quality assurance checks of headspace gas samples;
- Distribute headspace gas samples to participants;
- Work with ANL-E to procure and distribute headspace samples to participants;
- Score the PDP and publish the scoring reports;
- Collect and submit QA records;
- Develop and score headspace gas PDP supplemental cycles as requested by DOE;
- Review and update RCRA PDP documentation as required;
- Provide technical assistance to evaluate and closeout corrective actions whenever a system fails a PDP; and
- Support and implement plans to closeout the headspace gas PDP to include transfer of equipment such as sample canisters.

a. The purposes of this action are as follows:

- 1. Incrementally fund the task order in the amount of \$1,325,400;**
- 2. Increase the contract value of the base period by \$425,193.00 because approved funding exceeded the ceiling price cited in the annual Program Guidance Letters and the contract value was not changed accordingly.**
- 3. Increase the contract value of the option period by \$244,000.00 because Modification A018 increased scope for quality assurance checks of headspace gas samples and the contract value was not increased for the option period.**
- 4. Exercise Option Period 1 extending the period of performance from September 30, 2008 through August 10, 2010; thereby increasing the contract value by \$14,237,206.00, which includes the contract value increase cited in number a.3 above.**

b. As a result of the aforementioned changes, the contract is changed as follows:

1. Section B of the contract is revised to read as follows:

- (a) The contract value for the base period is \$19,568,000.00**
- (b) The contract value for the option period is \$14,237,206.00**
- (c) The total contract value is \$33,805,206.00**
- (d) Total funds allotted is \$17,832,400**

2. Section F of the contract is revised to read as follows:

The period performance end date is extended from September 30, 2008 to August 10, 2010.

c. CONTRACTOR'S RELEASE OF CLAIMS (FAR 43.204): In consideration of the modification agreed to herein as a complete and equitable adjustment for this cost increase confirmed by this modification, the Contractor hereby releases the Government From any and all liability under this contract for further equitable adjustments attributed to such facts of circumstances giving rise to this modification, with no exceptions.

a) The purpose of this modification is to issue a change order revising the statement of work and to make certain other changes to the contract terms associated with the revised statement of work. These revisions are being made under the authority of the contract clause contained in Section I, entitled "Changes" and by mutual agreement of the parties.

The work described in this modification shall be performed using funds obligated under this contract, appropriated under the American Recovery and Reinvestment Act of 2009, Pub. L. 1115 (Recovery Act) and as such is subject to special statutory conditions.

The contractor is to begin work immediately. The contractor is authorized to incur costs not to exceed 30% of the funds obligated in modification A029 consistent with the other contract terms and conditions and pending definitization of this change.

b) The following changes are hereby made to the contract:

1. Section C, Statement of Work is amended by incorporating the following requirement:

American Recovery and Reinvestment Act Requirements

a. The contractor shall, in accordance with the terms of this task order, provide the personnel, materials, supplies, and services and do all things necessary for, or incident to, providing its best efforts to perform the Recovery Act work. This work will be approved by the Department of Energy and is expected to fulfill the following mission requirements:

- Contract Administration, Small Business requirements and Oversight of contractual reporting requirement required by the Recovery Act
- CCP Program Management over the Savannah River Site
- Inventory Specialist to support Recovery Act oversight of contractors
- Administrative Support to meet the reporting and auditing requirements of the Recovery Act.
- Project Control effort to track and manage Recovery Act work
- Budget Administrator to aid in program analysis and management of Recover Act work

b. The contractor shall work with the Contracting Officer's Representative and the Contracting Officer for further refining the staffing requirements and shall provide a proposal with similar GSA discounts for positions not already defined the negotiated labor matrix. A new subtask 6 entitled, "American Recovery and Reinvestment Act Oversight" shall be provided and negotiated along with negotiating and finalizing the proposal.

c. The total funds in the amount of obligated for the Recovery Act is the amount of funds obligated in modification A029 which is obligated herein and made available for payment of allowable costs and fee earned related to the Recovery Act work from the effective date of this modification through the period of performance for the Recovery Act work, contained in Section F. FAR clause 52.216-24 "Limitation of Government Liability" incorporated herein allows only 30% of the obligated funds as allowable cost prior to final negotiation of this modification.

2. Section E, Inspection and Acceptance is amended as follows:

Paragraph E.3 is incorporated into the contract, which is applicable only to the American Recovery and Reinvestment Act:

E.3 CERTIFICATION FOR RECOVERY ACT

In order for the Contracting Officer to accept any products or services funded by the Recovery Act, the Contractor shall certify that the items were delivered and/or work was performed for a purpose authorized under the Recovery Act.

3. Section F, Deliveries or Performance is incorporated as follows:

F.1 DELIVERY SCHEDULE FOR AMERICAN RECOVERY AND REINVESTMENT ACT

The period of performance for the Recovery Act work specified in Section C shall be for the period of performance beginning the effective date of Modification A029 through the end of the period of performance of this task order on August 10, 2010.

4. Section G, Contract Administration Data is amended by incorporating the following clause:

G.1 FUNDING FOR AMERICAN RECOVERY AND REINVESTMENT ACT

The following invoice procedure will apply to the submission of invoices for Recovery Act work specified in Section C:

The contractor may invoice costs for both Recovery Act work and other work in the same invoice. However, the contractor shall separately identify costs in its invoices that pertain to the Recovery Act work. Recovery Act costs shall also be segregated in the invoice so as to identify those costs associated with each applicable appropriation at the Recovery Act program and project values level of the following accounting and appropriations data: Total Obligation: \$2,267,000.00

Accounting and Appropriations Data

Level	1	2	3	4	5	6	7	8	9
Numerical Characters	06049	2009	33	490801	25100	1111389	2002190	0000000	0000000
Level Name	Fund	Appropriation Year	Allottee	Reporting Entity	Object Class	Program	Project	WFO	Local Use

The contractor shall certify in each invoice that the costs included in the invoice for Recovery Act work were incurred only to accomplish the Recovery Act work in accordance with Section C. Other existing provisions applicable to invoice submission are applicable to Recovery Act invoices.

5. Section H, Special Contract Requirements is amended by incorporated the following clause

H.999 Special provisions relating to work funded under American Recovery and Reinvestment Act of 2009 (Apr 2009)

Preamble:

Work performed under this contract will be funded, in whole or in part, with funds appropriated by the American Recovery and Reinvestment Act of 2009, Pub. L. 111-5, (Recovery Act or Act). The Recovery Act's purposes are to stimulate the economy and to create and retain jobs. The Act gives preference to activities that can be started and completed expeditiously, including a goal of using at least

50 percent of the funds made available by it for activities that can be initiated not later than June 17, 2009.

Contractors should begin planning activities for their first tier subcontractors, including obtaining a DUNS number (or updating the existing DUNS record), and registering with the Central Contractor Registration (CCR).

Be advised that Recovery Act funds can be used in conjunction with other funding as necessary to complete projects, but tracking and reporting must be separate to meet the reporting requirements of the Recovery Act and related Guidance. For projects funded by sources other than the Recovery Act, Contractors should plan to keep separate records for Recovery Act funds and to ensure those records comply with the requirements of the Act.

The Government has not fully developed the implementing instructions of the Recovery Act, particularly concerning the how and where for the new reporting requirements. The Contractor will be provided these details as they become available. The Contractor must comply with all requirements of the Act. If the contractor believes there is any inconsistency between ARRA requirements and current contract requirements, the issues will be referred to the Contracting Officer for reconciliation.

Be advised that special provisions may apply to projects funded by the Act relating to:

- Reporting, tracking and segregation of incurred costs;
- Reporting on job creation and preservation;
- Publication of information on the Internet;
- Protecting whistleblowers; and
- Requiring prompt referral of evidence of a false claim to the Inspector General.

Definitions:

For purposes of this clause, "Covered Funds" means funds expended or obligated from appropriations under the American Recovery and Reinvestment Act of 2009, Pub. L. 111-5. Covered Funds will have special accounting codes and will be identified as Recovery Act funds in the contract and/or modification using Recovery Act funds. Covered Funds must be reimbursed by September 30, 2015.

Non-Federal employer means any employer with respect to Covered Funds – the contractor or subcontractor, as the case may be, if the contractor or subcontractor is an employer; and any professional membership organization, certification of other professional body, any agent or licensee of the Federal government, or any person acting directly or indirectly in the interest of an employer receiving Covered Funds; or with respect to Covered Funds received by a State or local government, the State or local government receiving the funds and any contractor or subcontractor receiving the funds and any contractor or subcontractor of the State or local government; and does not mean any department, agency, or other entity of the federal government.

A. Flow Down Provision

This clause must be included in every first-tier subcontract.

B. Segregation and Payment of Costs

Contractor must segregate the obligations and expenditures related to funding under the Recovery Act. Financial and accounting systems should be revised as necessary to segregate, track and maintain these

funds apart and separate from other revenue streams. No part of the funds from the Recovery Act shall be commingled with any other funds or used for a purpose other than that of making payments for costs allowable for Recovery Act projects. Where Recovery Act funds are authorized to be used in conjunction with other funding to complete projects, tracking and reporting must be separate from the original funding source to meet the reporting requirements of the Recovery Act and OMB Guidance.

Invoices must clearly indicate the portion of the requested payment that is for work funded by the Recovery Act.

C. Prohibition on Use of Funds

None of the funds provided under this agreement derived from the American Recovery and Reinvestment Act of 2009, Pub. L. 111-5, may be for any casino or other gambling establishment, aquarium, zoo, golf course, or swimming pool.

D. Wage Rates

All laborers and mechanics employed by contractors and subcontractors on projects funded directly by or assisted in whole or in part by and through the Federal Government pursuant to the American Recovery and Reinvestment Act of 2009, Pub. L. 111-5, shall be paid wages at rates not less than those prevailing on projects of a character similar in the locality as determined by the Secretary of Labor in accordance with subchapter IV of chapter 31 of title 40, United States Code. With respect to the labor standards specified in this section, the Secretary of Labor shall have the authority and functions set forth in Reorganization Plan numbered 14 of 1950 (64 Stat. 1267, 5 U.S.C. App.) and section 3145 of title 40 United States Code. See <http://www.dol.gov/esa/whd/contracts/dbra.htm> .

E. Publication

Information about this agreement will be published on the Internet and linked to the website www.recovery.gov , maintained by the Accountability and Transparency Board (the Board). The Board may exclude posting contractual or other information on the website on a case-by-case basis when necessary to protect national security or to protect information that is not subject to disclosure under sections 552 and 552a of title 5, United States Code.

F. Registration requirements

Contractor shall ensure that all first-tier subcontractors have a DUNS number and are registered in the Central Contractor Registration (CCR) no later than the date the first report is due under paragraph H below.

G. Utilization of Small Business

Contractor shall to the maximum extent practicable give a preference to small business in the award of subcontracts for projects funded by Recovery Act dollars.

H.1000 Modification Definitization

(a) The Contractor agrees to begin promptly negotiating with the Contracting Officer the terms of a definitive modification for the Recovery Act work directed under this modification. The Contractor agrees to submit a technical, cost, and fee proposal in accordance with the terms and conditions of the contract as an equitable adjustment to the contract.

(b) The schedule for definitizing this modification is as follows after effective date of modification A029:

<u>Action</u>	<u>Date</u>
Contractor submits technical, cost, and fee Proposal	60 Days after effective date
Commence negotiations	75 days after effective date
Mutual agreement on definitization of Recovery Act work	90 days after effective date
Contractor submits certificate of current cost or pricing data	90 days after effective date
Execute definitization contract modification	100 days after effective date

(1) After the Contracting Officer's determination of price or fee, the contract shall be governed by—

- (i) All clauses required by the FAR on the date of execution of this modification for either fixed-price or cost-reimbursement contracts, as determined by the Contracting Officer under this paragraph (c);
- (ii) All clauses required by law as of the date of the Contracting Officer's determination; and
- (iii) Any other clauses, terms, and conditions mutually agreed upon.

(2) To the extent consistent with paragraph (c)(1) of this section, all clauses, terms, and conditions included in this contract shall continue in effect, except those that by their nature apply only to the modification definitization.

(c) If agreement on a definitive modification is not reached by the target date in paragraph (b) of this section, or within any extension of it granted by the Contracting Officer, the Contracting Officer may, with the approval of the head of the contracting activity, determine a reasonable price or fee in accordance with Subpart 15.4 and Part 31 of the FAR, subject to Contractor appeal as provided in the Disputes clause. In any event, the Contractor shall proceed with completion of the contract, subject only to the clause in section I, entitled "Limitation of Government Liability," added by this modification.

6. Section I, Contract Clauses is amended by incorporating the following clause that applies only to the American Recovery and Reinvestment Act as follows:

52.243-06 Change Order Accounting (APR 1984)

52.203-15 Whistleblower Protections Under the American Recovery and Reinvestment Act of 2009 (MAR 2009)

52.204-11 American Recovery and Reinvestment Act – Reporting Requirements (MAR 2009)

52-215-2 Audit and Records – Negotiation (JUN 1999) Alternate 1 (MAR 2009)

52.216-24 LIMITATION OF GOVERNMENT LIABILITY (APR 1984)

(a) In performing this task order, the Contractor is not authorized to make expenditures or incur obligations exceeding 30% of the total obligated amount specifically obligated for the American Recovery and Reinvestment Act under Modification A029.

(b) The maximum amount for which the Government shall be liable if this contract is terminated is 30% of the total obligated amount for the American Recovery and Reinvestment Act under Modification A029.

4.6 Work Area 6: American Recovery and Reinvestment Act Oversight

The Carlsbad Field Office (CBFO) Recovery Act Project implements the requirements of the American Recovery and Reinvestment Act of 2009 (ARRA) to make use of supplemental appropriations for job preservation and creation to accelerate the disposition of defense-generated transuranic (TRU) waste across the nation. The CBFO Recovery Act Project, entitled "TRU Waste Accelerated Disposition" involves the accelerated TRU waste characterization, certification and transportation for disposition of defense-generated TRU waste from the following targeted generator and interim storage sites above and beyond the currently-approved CBFO baseline project using ARRA funds. ARRA activities are to be performed subject to all existing WIPP regulatory requirements, including permits, licenses, and quality program procedures.

The CBFO Recovery Act Project consists of work scope to perform the following:

- Characterization and certification of large-sized waste containers of CH and RH TRU waste and accelerated characterization and certification of remaining drums of CH and RH TRU waste at Savannah River Site.
- Accelerated characterization and certification of targeted CH and RH TRU waste at Hanford (also referred to as Richland), Los Alamos National Laboratory (LANL), and Oak Ridge National Laboratory (ORNL).
- Accelerated characterization and certification of targeted CH and RH TRU waste at Small Quantity Sites (SQS) such as Argonne National Laboratory (ANL), Bettis Atomic Power Laboratory (BAPL), General Electric Vallecitos Nuclear Center (GEVNC), Knolls Atomic Power Laboratory – Nuclear Fuel Services (KAPL-NFS), Lawrence Livermore National Laboratory (LLNL), NRD LLC, Nevada Test Site (NTS), Sandia National Laboratory (SNL).
- Modification of Waste Isolation Pilot Plant (WIPP) site infrastructure to maintain the capability to transport, receive, and process TRU waste and support accelerated TRU waste receipt.
- Retrieval, repackaging and/or remediation of targeted TRU waste, as necessary, to support accelerated TRU waste disposition across the TRU waste complex.
- Accelerated characterization and certification of CH and RH TRU waste with a focus on difficult waste at targeted TRU waste sites to support near-term site cleanup and footprint reduction milestones/goals.
- Increased transportation resources to support accelerated TRU waste disposition across the complex.

The contractor shall provide the expert technical assistance necessary to assist CBFO in providing adequate oversight of CBFO Recovery Act Project activities. Specifically, there are six areas that the contractor will provide expert technical assistance for the CBFO Recovery Act Project as follows:

- Quality Assurance Support
- Regulatory Compliance
- Project Planning and Control

- Office of National TRU Program (NTP) Technical Support
- Budgeting
- Procurement

The contractor will also be responsible for providing specialized technical expertise on a limited basis as requested and performing the necessary administrative activities to support completion of this statement of work such as secretarial support, document reproduction, and technical editing.

For this statement of work, the contractor will charge to CBFO Recovery Act Project work packages which are separated from the CBFO Base Program work packages to meet ARRA requirements.

The following sections describe the detailed scopes of work for the six expert technical assistance areas.

4.6.1 Quality Assurance Support

In addition to the oversight activities that the contractor already performs for the CBFO Quality Assurance Program under the CBFO Quality Assurance Program Document (QAPD), the contractor shall perform surveillances, assessments, and audits, as assigned by CBFO QA of the waste generating sites where the Central Characterization Project (CCP) is funded by ARRA funds for TRU waste characterization and certification activities. These oversight activities may include audits, assessments, surveillances, corrective action follow-up or other evaluations as determined needed by CBFO QA in order to verify regulatory and permit compliance of CCP processes and procedures. The contractor shall supply personnel that are or may be qualified, and if applicable certified, under the CBFO QA procedure TP 10.1 *Qualification of Audit Personnel and Certification of Lead Auditors*. Certified Lead Auditors shall be expected to conduct oversight activities such as surveillances, assessments, and audits, as assigned; document oversight activity results and findings; perform corrective action follow-up and verification, and review and comment on program related procedures and documents as required by the following CBFO procedures:

- MP 10.2 *Surveillances*,
- MP 10.6 *Audits*,
- MP 9.1 *Management Assessments*,
- MP 4.9 *Quality Assurance Records*
- MP 3.1 *Corrective Action Reports*
- Additional CBFO procedures as applicable.

These oversight activities shall be performed as scheduled by CBFO QA. Additional oversight activities may be performed as determined necessary by CBFO QA.

To complete the requirements in this section of the statement of work, the contractor shall supply staff with the following qualifications:

Experienced auditors and lead auditors that are or may be certifiable as defined above. Staff will be expected to manage preparation of audit plans, checklists, and reports; coordinate the logistics

necessary to conduct certification audits at sites at remote locations across the continental U. S.; interface with regulators, DOE, and contractor personnel at TRU waste sites; and manage large audit teams with a significant number of observers.

- Experienced QA auditors and/or technical specialists in the following fields:
 - Non-destructive assay
 - Headspace gas analysis
 - Real-time radiography
 - Helium leak testing
 - Acceptable knowledge
 - Visual examination and visual technique
 - Data verification and validation
 - Packaging and transportation of TRU and TRU-mixed waste including DOT regulations affecting shipment of hazardous and radioactive waste
 - Quality program requirements and implementation, including
 - document control
 - personnel training and qualification
 - software quality assurance
 - procurement quality
 - sample control
 - corrective action control

4.6.2 Regulatory Compliance

For this expert technical assistance area, the contractor will provide support for programs and activities to ensure CBFO Recovery Act Project scope is in compliance with the RCRA Hazardous Waste Facility Permit and 40CFR191 (Subparts B & C) and 194. Activities in this element include but are not limited to reviewing planned change requests (PCRs) and/or permit modification requests (PMRs), developing position papers, and interfacing with the Environmental Protection Agency (EPA) and New Mexico Environment Department (NMED). The contractor will also provide support associated with, but not limited to, the National Environmental Policy Act (NEPA), the Freedom of Information Act (FOIA) and Privacy Act programs. The contractor will provide expert regulatory and technical advice, support, and assistance to CBFO in researching regulatory and technical issues related to this scope of work.

4.6.3 Project Planning and Control

For this expert technical assistance area, the contractor will provide support for CBFO Recovery Act Project functions including task order management, performance reporting and monitoring, performance analysis, and associated reporting as follows:

- Generate presentations and status reports for program manager and other project participants.
- Organize and conduct project meetings to include status of cost, scope and schedule.

- Track status of open commitment (action item log)
- Prepare minutes at meetings
- Provide management support for ARRA document review/control, technical editing, configuration management, process development, documentation, and control.

4.6.4 NTP Technical Support

For this expert technical assistance area, the contractor will provide individuals with technical expertise and TRU waste project management support to CBFO for monitoring and providing technical oversight of the implementation of the CBFO Recovery Act Project. These individuals may be stationed on location at the generating sites as required by National TRU Programs. Activities to be performed specifically involve monitoring CCP performance at SRS, and TRU waste project management support in Carlsbad. The individual monitoring CCP performance at SRS will directly interface and report observations back to the CBFO CH & RH Certification Managers. The individual providing TRU waste project management support will directly assist the CBFO Recovery Act Federal Project Director in project management oversight.

4.6.5 Budgeting

For this expert technical assistance area, the contractor will provide CBFO with administrative support as follows for budget development and control activities that are ARRA-funded:

- Analyze and support reporting requirements between base and ARRA scope, schedule and funding trade-offs for return on investment (ROI) and for other budget-related issues
- Support budget planning, Integrated Priority List (IPL) development; change control processes; communication of information; and validation and integration to work plans.
- Support Integrated Budget and Planning Support (IPABS) tool data entry; training processes; and communication of information.
- Monitor funds received and funds to be received over the life of the ARRA program (80% and 20%).
- Coordinate the collection of information and responses to Data Calls related to ARRA funding and budget.
- Audit actual expenditures of WIPP participants, report significant variances, and provide support to various audit teams

4.6.6 Procurement

For this expert technical assistance area, the contractor will provide CBFO procurement assistance in the following areas for WIPP contracts awarded ARRA funding:

- Prepare all ARRA reports and submit them to DOE's Contracting Officer upon completion

- Review all contractor files and ensure segregation of costs and compliance with all ARRA regulations
- Prepare Determinations and Findings (D&Fs) in all cases where required and submit to DOE's Contracting Officer for review and approval
- Review and report achievement of Contractor small business goals through recurring audits of contractors' procurement files
- Monitor compliance with technical requirements and provide monthly reports to DOE Contracting Officers
- Provide advice to Contracting Officer if requirements need to be modified based upon changes in Recovery Act milestones and requirements.
- Prepare draft terms and conditions for changes to contract as required and provide to Contracting Officer for review, approval and incorporation into the contract.
- Audit Contractor's cost accounting systems to ensure compliance with cost accounting standards verifying allowability and proper allocation of cost between base work and Recovery Act work.
- Review performance on Recovery Act Performance Based Incentive (PBI) Metrics, determine if completion requirements have been achieved and forward to DOE's Contracting Specialist/Officers for approval of payment of fee when Metrics have been completed.

Performance Criteria:

a) Quality and Accuracy	100% of the time accurate information submitted to managers and staff
b) Cost-effectiveness	90% of time, costs within plus 10% of cost estimate
c) Timeliness	90% of time, work completed with plus 10% of estimate

The following change orders directed by the contracting officer in fiscal year 2009 are confirmed and incorporated in this modification.

1. Per contracting officer direction provided on December 4, 2008 in Arthur L. Welton's letter to Melinda Durden, the following FAR Clauses were incorporated into this Task Order with an effective date of December 12, 2008.

FAR Clause 52.203-13 Contractor Code of Business Ethics and Conduct (DEC 2008) (incorporated by reference)

FAR 52.203-14 Display of Hotline Poster(s). (DEC 2007)

(a) Definition.

"United States," as used in this clause, means the 50 States, the District of Columbia, and outlying areas.

(b) Display of fraud hotline poster(s). Except as provided in paragraph (c)—

(1) During contract performance in the United States, the Contractor shall prominently display in common work areas within business segments performing work under this contract and at contract work sites—

(i) Any agency fraud hotline poster or Department of Homeland Security (DHS) fraud hotline poster identified in paragraph (b)(3) of this clause; and

(ii) Any DHS fraud hotline poster subsequently identified by the Contracting Officer.

(2) Additionally, if the Contractor maintains a company website as a method of providing information to employees, the Contractor shall display an electronic version of the poster(s) at the website.

(3) Any required posters may be obtained as follows:

Poster(s)	Obtain from
<u>DHS Fraud</u>	DHSOIGHOTLINE@dhs.gov and
<u>Hotline</u>	http://www.dhs.gov/xoig/about/gc_1163703329805.shtm

(c) If the Contractor has implemented a business ethics and conduct awareness program, including a reporting mechanism, such as a hotline poster, then the Contractor need not display any agency fraud hotline posters as required in paragraph (b) of this clause, other than any required DHS posters.

(d) Subcontracts. The Contractor shall include the substance of this clause, including this paragraph (d), in all subcontracts that exceed \$5,000,000, except when the subcontract—

- (1) Is for the acquisition of a commercial item; or
- (2) Is performed entirely outside the United States.

(End of clause)
