Overview of the Permit Modification Notification

This document contains a Class 1 Permit Modification Notification (**PMN**) to modify the Hazardous Waste Facility Permit (**Permit**) at the Waste Isolation Pilot Plant (**WIPP**), Permit Number NM4890139088-TSDF, hereinafter referred to as the Permit.

This PMN is being submitted by the U.S. Department of Energy (**DOE**) and Washington TRU Solutions LLC (**WTS**), collectively referred to as the Permittees, in accordance with Permit Part 1.3.1 (20.4.1.900 New Mexico Administrative Code (**NMAC**) incorporating Title 40 of the Code of Federal Regulations (40 **CFR**) §270.42(a)). This change does not reduce the ability of the Permittees to provide continued protection to human health and the environment.

The modification to the text of the Permit has been identified using **red** text and double underline and a ~~strikeout~~ font for deleted information. All direct quotations are indicated by italicized text.

Item 1

Description

Update the list of emergency coordinators address and telephone numbers in Permit Attachment D, Table D-2, Resource Conservation and Recovery Act Emergency Coordinators.

Basis

The change is classified as a “change in the name, address or phone number of coordinators” and is, therefore, a Class 1 notification pursuant to 20.4.1.900 NMAC (incorporating 40 CFR 270.42, Appendix I, B.6.d).

Discussion

Some emergency coordinators have recently changed their home address and/or personal telephone numbers. In order to maintain individual privacy information, these changes are maintained in the Controlled Copy of the Contingency Plan maintained by the Facility Shift Manager and a “confidential” copy is being sent to the NMED. The copy on the internet versions of the Contingency Plan will NOT contain this private information. One additional office phone number has been added. This change is required to update Permit Attachment D, Table D-2.
