Dear Mr. Pierard:

Pursuant to 20.4.1.900 New Mexico Administrative Code (NMAC) (incorporating Title 40, Code of Federal Regulations (CFR), Part 270.42(e)(4)(ii)), the U.S. Department of Energy (DOE) Carlsbad Field Office and Nuclear Waste Partnership LLC, collectively referred to as the Permittees, request reissuance of the temporary authorization (TA) referenced above (Reference 1). The Permittees request the TA be reissued for one additional term of 180 days or until the Class 3 permit modification request procedures are completed, whichever occurs first.

The reissuance of the TA is needed because the activities authorized in the referenced TA request (Reference 2) will not be completed within the term of the approved TA. In accordance with 20.4.1.900 NMAC (incorporating 40 CFR 270.42(e)(4)(ii)), reissuance of the referenced TA request is necessary in order for the Permittees to continue the authorized activities while the Class 3 permit modification request procedures are being conducted pursuant to 20.4.1.900 NMAC (incorporating 40 CFR 270.42(c)).
