It is DOE policy to use its best efforts to provide the funds or other resources necessary to achieve this purpose and to continue cooperating, along with the Subcontractor, with Federal and State agencies having interest in environmental matters to accomplish this purpose, and to maintain good relations with such agencies.
- (b) Performance of the work under the Subcontract shall be conducted in a manner that is protective of the environment and the health and safety of employees and the public. 4.7 WORKER SAFETY AND HEALTH PLAN

The Department of Energy has promulgated procedures/rules for the implementation of a Worker Safety and Health Program, Title 10 CFR 851 ("851"). NW P has integrated 851 as a NW P Worker Safety and Health Plan along with the Integrated Safety Management System (ISMS) description, and the NW P Voluntary Protection Program (VPP). Together, those documents serve as the overall plan for worker safety and health at W IPP. Upon implementation of 851 effective February 9, 2007, these rules govern the conduct of any entity including affiliated entities, such as a parent corporation, under contract with DOE, or a subcontractor at any tier, that has responsibilities for performing work at a covered DOE site in furtherance of a DOE mission. Violation of the applicable rules provides a basis for the assessment of civil and or criminal penalties under 851.

Indemnification of NWP

To the extent permitted by law, the subcontractor assumes full responsibility and shall indemnify, save harmless, and defend NW P and its principal subcontractors, their agents, officers, employees and directors from any civil and or criminal penalties or liabilities under 851 et seq., arising out of activities of the subcontractor, its lower-tier subcontractors, suppliers, agents, employees, officers, or directors. The subcontractor's obligation to indemnify and hold harmless shall expressly include attorney's fees and other reasonable costs of defending any action or proceeding instituted under 851 or its implementing regulations.
