

SOURCES SOUGHT
Utility Shaft -- Fire Water Loop

This SOURCES SOUGHT NOTICE is for all business classifications. The purpose of this sources sought notice is to determine the interest of available subcontractors to support the project titled **"US Fire Water Loop"** at the Waste Isolation Pilot Plant (WIPP), located near the vicinity of Carlsbad, New Mexico, in accordance with the Statement of Work (SOW). This synopsis is for information and planning purposes and is not to be construed as a commitment.

PLEASE NOTE THAT THIS IS NOT A REQUEST FOR PROPOSAL, NO SOLICITATION EXISTS AT THIS TIME.

NWP is conducting a market survey to determine the availability and technical capability of all qualified businesses to perform a construction project. NWP intends to award the **US Fire Water Loop** project by means of Full and Open Competition and in accordance with the SOW, specifications, drawings, applicable codes and standards referenced in the contract documents.

Synopsis of the work to be performed includes construction support services as follows:

Construction Services: SUBCONTRACTOR is responsible for providing all equipment, materials, supplies, personnel, and services to complete construction of the US Fire Water Loop. This work scope is outside of the PPA and WIPP Site Security Fence. The construction site will have been cleared, and a perimeter fence will be in place that can function as the construction fence. Subcontractor is responsible for all power and water usage charges. Work details include the trenching and installation of a utility line to the US Shaft construction area and the US Fire Loop per design drawings and specifications

Note: The contractors shall provide qualified/trained personnel to perform work activities identified in the subcontract and in accordance with WIPP construction and safety procedures.

Examples of Qualification Certificates/Licenses includes: State Electrical License

Estimated Solicitation Issuance Date: May 23, 2019

Estimated Proposal Due Date: July 02, 2019

Estimated Performance Period: 240 calendar days

Project magnitude is estimated between \$1,000,000.00 and \$5,000,000.

All responding firms are requested to identify their firm's size and type of business to the

anticipated North American Industrial Classification System (NAICS) code. For this acquisition, the NAICS code is 237110 Water and Sewer Line and Related Structures Construction.

Interested parties should contact Jimmy Russell at jimmy.russell@wipp.ws or 575-234-8846 for initial preview of the Statement of Work and Specifications not-later than **May 23, 2019**. Your review and feedback of these two documents is appreciated.
